

L'Envolée Benefit Evening (Take Flight)!

This evening allowed us to meet the allies and major partners of the Foundation Mères avec pouvoir (Mothers With Power). Additionally, we had the privilege of meeting the Mères avec pouvoir (Mothers With Power) Award Winners. This award highlights the inspiring journey of two women who have distinguished themselves during their journey with us.

All funds raised during this evening will be used to support our major campaign to open a second facility to double our capacity for action. Thus, more female-headed single parents will be able to obtain the support they need to change their life trajectory, both for their well-being and that of their family.

Date: May 4th 2023

Location: Espace Gare Viger

Co-chair of the evening: Laurence Vincent (President of Prével) et Marc Barbeau (Executive Vice President and Chief Legal Officer at Air Canada)

Animation: Geneviève Pettersen et Alex Perron

Program: Cocktail, Diner and karaoke!
