

The "Young Mothers" program, which was made possible thanks to the financial support of the Ville-Marie borough, provides intervention for the young mothers (under 25 years old) of our organization.

This program includes: weekly group meetings and more frequent individual meetings. It also provides organized outings in the neighbourhood (such as sports and community centres, Village au Pied-du-Courant, borough council, libraries...), workshops as well as specific projects. The program also provides for close interaction with the mothers' schools, generally the Rosalie-Jetté or Gédéon-Ouimet schools. This is all done with the same approach as our regular program, and by promoting the power to act!
